Maryellen Doak
Development Associate

Maryellen Doak, Development Associate, received her Bachelor of Arts degree in Sociology from Old Dominion University in Norfolk, Virginia.

Prior to moving to Florida in 1990 Maryellen sold commercial office environments to the federal government and private sector in Baltimore, Maryland. She worked in the defense industry in St. Petersburg, Florida for 15 years supporting engineering teams and executives and as a buyer. She has volunteered locally at St. Jerome Church in Largo, Florida, as well as at Morton Plant Hospital in the neonatal intensive care unit.

Maryellen joined the Foundation in 2008 and as Development Associate her focus is on stewardship, event support, data analysis and research. She is an avid gardener and nature lover; and her passion at the Foundation is helping to connect people, resources, and ideas toward better health.
